

Disaster Program	Agency	Description
<b>Crop Insurance</b>	<b>RMA</b>	Provides indemnity payments to growers who purchased crop insurance for production and quality losses related to drought and other weather hazards and other weather hazards, including losses from an inability to plant caused by an insured cause of.
<b>Conservation Reserve Program (CRP) Haying &amp; Grazing</b>	<b>FSA</b>	Provides for emergency haying and grazing on certain CRP practices in a county designated as D2 or higher on the U.S. Drought Monitor, or in a county where there is at least a 40 percent loss in forage production.
<b>Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish Program (ELAP)</b>	<b>FSA</b>	Provides assistance to eligible owners of livestock, and producers of honeybees and farm-raised fish for losses due to disease (including cattle tick fever), adverse weather, or other conditions not covered by LFP and LIP.
<b>Emergency Conservation Program (ECP)</b>	<b>FSA</b>	Provides funding and technical assistance for farmers and ranchers to restore farmland damaged by natural disasters and for emergency water conservation measures in severe droughts.
<b>Emergency Forest Restoration Program (EFRP)</b>	<b>FSA</b>	Provides funding to restore privately owned forests damaged by natural disasters. Assistance helps landowners carry out emergency measures to restore forest health on land damaged by floods, hurricanes or other natural disasters.
<b>Farm Loans</b>	<b>FSA</b>	Provides Emergency and Operating loans to help producers recover from production and physical losses due to natural disasters or livestock quarantine and can pay for farm operating and family living expenses
<b>Environmental Quality Incentives Program (EQIP)</b>	<b>NRCS</b>	Provides agricultural producers with financial resources and one-on-one help to plan and implement improvements on the land including financial assistance to repair and prevent the excessive soil erosion caused or impacted by natural disasters. These practices include activities like stream bank restoration, grassed waterways and buffers. NRCS-funded conservation practices protect your land from erosion, support disaster recovery and repair and can help mitigate loss from future natural disasters.
<b>Emergency Watershed Program (EWP)</b>	<b>NRCS</b>	Offers vital recovery options for local communities to help people reduce hazards to life and property caused by floodwaters, droughts, wildfires, earthquakes, windstorms, and other natural disasters.
<b>Livestock Forage Disaster Program (LFP)</b>	<b>FSA</b>	Provides compensation to eligible livestock producers who have suffered grazing losses due to drought or fire on land that is native or improved pastureland with permanent vegetative cover or that is planted specifically for grazing.
<b>Livestock Indemnity Program (LIP)</b>	<b>FSA</b>	Provides benefits to livestock owners and some contract growers for livestock deaths in excess of normal mortality that are the direct result of an eligible adverse weather event. In addition, LIP covers attacks by animals reintroduced into the wild by the Federal Government or protected by Federal Law. Also, LIP provides assistance to livestock owners that must sell livestock at a reduced price because of an injury from an eligible loss condition.
<b>Noninsured Crop Disaster Assistance Program (NAP)</b>	<b>FSA</b>	Provides financial assistance to producers of non-insurable and specialty crops when low yields, loss of inventory, or prevented planting occur due to natural disasters.
<b>Tree Assistance Program</b>	<b>FSA</b>	Provides financial cost-share assistance to qualifying orchardists and nursery tree growers to replant or, where applicable, rehabilitate eligible trees, bushes, and vines lost by natural disasters. A qualifying mortality loss in excess of 15 percent (in excess of normal mortality) must be sustained to trigger assistance.
